

# The World Health Organization (WHO)/ International Labour Organization (ILO) Joint Effort on Occupational Health and Safety in Africa:

## Update 16

# Calendars for 2005

### INTRODUCTION

To support the African Joint Effort and help with locating international conferences in Africa and around the world, an online Environmental, Health and Safety (EHS) Events Calendar was published in 2004 (<http://www.sheafrica.info/en/Calendars.htm>). Events can be easily added to this Calendar via a web browser. Versions of the calendar for 2004 (Standard and Photo) were also prepared in portable document format (PDF) for printing or viewing on a computer.

The EHS online calendar is now being updated for 2005 and PDF versions for 2005 will be available shortly.

Information on four occupational health related conferences being held in Africa in 2005 is given below. If you are aware of additional international EHS events in Africa for 2005 please notify Dr. David W. Stanton at [davidws@asosh.org](mailto:davidws@asosh.org).

### 6TH PACOH

#### **6th Pan African Conference on Occupational Health, 1 – 3 April 2005.**

*Location:* Faculty of Medicine, Hassan II University Casablanca, Morocco.

*Theme:* Occupational Health for All in Africa.
