

In loving memory of Conrad Bosch

12 April 1974 – 21 August 2009

Conrad was born in East London and spent his childhood years growing up in Kempton Park, where he matriculated from High School Birchleigh in 1992.

Like many youngsters at the age of 17 Conrad was indecisive as to which direction his career should follow. Conrad's passion for the field of Occupational Hygiene and Risk Management was brought about by the discussions he had with his father, Willem Bosch, who was in the field of Risk Management. With the guidance of his parents Willem and Elsa, Conrad knew that this was the right direction for him to follow and to realise his ambition. Conrad went on to obtain his National Diploma in Environmental Health in 1996, followed by Baccalaures Technologiae in Environmental Health in 1998. During the next 10 years Conrad's dedication to the field led him to obtain his Masters Degree in Occupational Hygiene in 2008. Throughout his career Conrad obtained numerous certificates pertaining to the field of Occupational Health, Safety, Environmental and Risk Management. At the time of his death Conrad was busy obtaining his Ph.D.

He was well respected in the field so much so that he was approached by various institutions to present training and to give lectures in the field of Occupational Hygiene.

Once again with the support of his parents Conrad realised his potential in starting up his own business. SHE Link was registered in 2004. Conrad's ideal was to be a leader in the field of Occupational Hygiene

based on quality service. He set high standards for himself and the SHE Link team.

Conrad was joined by his sister, Leandri Bosch and together they made a formidable team. Leandri took over the management of the company thus enabling Conrad to focus on the technical side of SHE Link. Together Conrad and Leandri handpicked

a team of professionals and under the guidance of Conrad and Leandri SHE Link has become a leader in the field of Occupational Hygiene and enabled the team to reach their individual potential as well.

Conrad was highly respected amongst his peers and employees alike and in return they were treated with high regard. The SHE Link team looked up to Conrad, his open door policy gave his employees the privilege of a man to approach for leadership and guidance. He was an inspiration to all. Conrad always treated his fellow team

members with the utmost respect.

Conrad travelled extensively throughout his career and he struck up many friendships in the industry as a result of his humbleness and kindness.

Conrad lived his life to the fullest. He was a deeply religious person and yet he was a man among men. He was blessed with two beautiful daughters, Megan (5) and Kiara (2) born out of his marriage to Collette.

Conrad will be sorely missed by one and all.

Compiled by Leandri Bosch and Mrs Doret Hughes on behalf of the SHE Link team and the Bosch family.
