

Implats – Impala Rustenburg operations

Masoyise HP, in collaboration with MBOD, successfully hosted a satellite session at the 9th South African TB Conference on 09 June 2026, which focused on addressing the ongoing challenge of occupational lung diseases in the mining sector. The session brought together key stakeholders, including health professionals, programme implementers, policymakers, and industry partners.

Theme: Occupational Lung Disease in Mining: Partnerships, Prevention, and Diagnostic Advances

MASOYISE HP SATELLITE SESSION – 09 JUNE 2026

SATELLITE SESSION

OCCUPATIONAL LUNG DISEASE IN MINING: Partnerships, Prevention, and Diagnostic Advances

Hosted by Masoyise HP in collaboration with the Medical Bureau for Occupational Diseases (MBOD), this session at the 9th SA TB Conference explored partnerships, prevention, diagnosis, and diagnostic advances for occupational lung diseases in the mining sector.

Join us for this important session as we explore collaborative strengthening occupational lung disease prevention, diagnosis, and diagnostic advances in the mining sector.

Date: Tuesday, 09 June 2026

Time: 11:00am – 12:30pm

Venue: Birchwood Hotel and OR Tambo Conference Centre, King Shaka Conference Room

PROGRAMME

OCCUPATIONAL LUNG DISEASE BY MINING: Partnerships, Prevention, and Diagnostic Advances

TIME	ACTIVITY	SPEAKER
11:00	PROGRAMME FACILITATOR	Dr Mpho Rabada, Deputy Director, MBOD National Department of Health
11:05	Welcome and opening remarks	Dr Mpho Rabada
