

OCCUPATIONAL MEDICINE

is a highly specific discipline in workers' health

Session 1:

OCCUPATIONAL MEDICINE AS A PEER-BASED DISCIPLINE

We are thrilled to kick off the SASOM Roadshow 2024 with our first session, "Occupational Medicine as a Peer-Based Discipline," on 3 July 2024, from 1pm in Port Elizabeth / Gqeberha.

This hybrid event will bring together leading experts in the field to discuss critical aspects of occupational medicine, including legal frameworks, industry-specific roles, and the essential knowledge needed by both medical and non-medical professionals.

Join us for an afternoon of insightful presentations and dynamic discussions designed to enhance your professional practice and expand your network within the occupational health community. Don't miss this opportunity to gain valuable insights and connect with peers in a collaborative setting.

Event details
